

Hellenic Neurosurgical Society

Hands on Workshop Microvascular Anastomosis Techniques

November 7-12, 2022

Training Program

Responsibility for life

MEMBER OF HHG GROUP

| | | |
|-------|--|------------|
| 8.30 | Welcome Address K. Fountas, President of Hellenic Neurosurgical Society | |
| 8.45 | <i>Lecture:</i> Objective of the workshop | A. Andreou |
| 9.00 | <i>Lecture:</i> Basic instruments and thread handling in microvascular surgery | V. Papic |
| 9.20 | <i>Video Demonstration:</i> Instructions of suturing techniques (glove, silicon tubes) | |
| 9.45 | <i>Hands-on:</i> Interrupted/running sutures (glove) | |
| 10.30 | Refreshment Break | |
| 11.00 | <i>Hands-on:</i> Interrupted sutures (silicone tubes) | |
| 13.00 | Lunch | |
| 14.00 | <i>Video Demonstration:</i> Artery, Vein, Nerve (dissection in the chicken leg) | |
| 14.15 | <i>Hands-on:</i> Vessel/nerve dissection (chicken leg) | |
| 16.00 | Adjourn | |

Training Program

8.15 *Lecture:*
Nerve Coaptation. Suturing techniques A. Vlastou

8.30 *Hands-on:*
Nerve Coaptation (chicken)

9.30 **Refreshment Break**

9.45 *Video demonstration/ Hands-on:*
End-to-end anastomosis (chicken artery)

11.15 *Video demonstration/Hands-on:*
End-to-side anastomosis (chicken vein to artery)

13.15 **Lunch**

14.00 *Video demonstration/ Hands-on:*
Side-to-side anastomosis (vein-to-artery)

16.00 **Adjourn**

19.30 **“Greek Tavern Night”**

- 8.30 *Lecture:*
50 years of EC-IC bypass surgery: History,
current state-of-the-art and outlook P. Dodier
-
- 8.50 *Hands on:*
Femoral vessels/nerve dissection (rat)
-
- 10.30 **Refreshment Break**
-
- 10.50 *Hands-on:*
Side-to-side anastomosis on femoral vessels
(vein to artery)
-
- 12.50 **Lunch**
-
- 13.40 *Hands-on:*
End-to-end anastomosis
(Rabbit carotid)
-
- 16.00 **Adjourn**

| | | |
|-------|---|----------|
| 8.00 | <i>Lecture:</i> Methods for assessing bypass patency | V. Papic |
| 8.30 | <i>Hands-on:</i> End to End anastomosis (rat) | |
| 10.30 | Refreshment Break | |
| 10.45 | <i>Hands-on:</i> Dissection of rat aorta-vena-cava. | |
| 13.00 | Lunch | |
| 14.00 | <i>Hands-on :</i> Aorta-vena cava (rat), side-to-side anastomosis | |
| 16.30 | Adjourn | |

| | | |
|-------|---|--------------|
| 8.00 | <i>Lecture:</i> Neurovascular options for complex brain aneurysms. A hybrid's view | G. Bavinzsky |
| <hr/> | | |
| 8.30 | <i>Hands-on:</i> Dissection of the external jugular vein in the rat | |
| <hr/> | | |
| 10.30 | Refreshment Break | |
| <hr/> | | |
| 11.00 | <i>Hands-on:</i> Ext. jugular v.-to-carotid a. anastomosis (end to side, rat) | |
| <hr/> | | |
| 13.00 | Lunch | |
| <hr/> | | |
| 13.30 | <i>Hands-on:</i> End-to-end anastomosis Femoral artery/vein (rat) | |
| <hr/> | | |
| 16.00 | Adjourn | |
| <hr/> | | |
| 20.00 | Gala Dinner | |

Day 6th

Saturday November 12

Chair: **D. Rologis**

Training Program

| | | |
|-------|---|--------------|
| 9.00 | Upper basilar artery surgery, the Kawase approach | V. Papic |
| 9.30 | Surgical management of facial nerve palsy | A. Vlastou |
| 9:50 | Case Presentation: Technical aspects of surgery for Acom.- aneurysms | G.Bavinszky |
| 10.20 | Surgical Treatment of Moya-Moya | G.Bavinszky |
| 10.40 | Refreshment Break | |
| 11.00 | Complex, giant and fusiform aneurysms: treatment options | A. Andreou |
| 11.30 | Unruptured AVMs: to treat or not to treat? | L. Stavrinou |
| 11.50 | Evaluation of the course and awarding of certificates | |
| 12.20 | Adjourn | |

HELLENIC NEUROSURGICAL SOCIETY
