PRESS RELEASE

Y-Logimed: Lloyd's certification for products and services continuous supply to hospitals

Y-Logimed S.A. is the first company in the medical supplies trade, procurement and distribution sector having received a certification for Business Continuity Management - BCM, ensuring that its activities are not affected by unpredictable risks and extraordinary events.

Certification regards the standard BS 25999-2:2007 and was granted by Lloyd's RQA Greece, following other certifications received in the past for the quality standards ISO 9001:2008, ISO 13485:2003, and the Ministerial Decision ΔΥ8δ/Γ.Π./1348.

Y-Logimed is subsidiary of HYGEIA Group, which constitutes Marfin Investment Group's (MIG) investment arm in the health sector; it supplies centrally the Group's hospitals with all necessary medical products. It also performs commercial activities, providing products to hospitals and clinics of the broader healthcare market. Furthermore, it holds a contemporary industrial laundry unit, undertaking HYGEIA Group hospital clothing as well as the clothing of hotels and shipping enterprises.

Y-Logimed's Chief Executive Officer, Mr. Michael Stavrou stresses that 'with this certification, Y-Logimed can uninterruptedly face a series of emergencies and unpredictable events, such as earthquake, flood, fire, loss of the company's data center, serious human error or fault. At the same time, through specialized Recovery Plans, it can offset with specific alternative solutions, partial or total disaster of the central offices, storage areas, industrial laundry machines, personnel unavailability etc'.

Therefore, the company:

- ensures continuous medical products supply to HYGEIA Group hospitals and its customers, so as not to disrupt healthcare services provision to their patients
- guarantees a safe working environment for its personnel
- accomplishes an innovative approach of effective operation comparatively to the companies of its sector.

Y-LOGIMED S.A.
